Professional Summary

Motivated Full Stack Developer and BIS student at the Arab Academy for Science, Technology, and Maritime Transport with strong interest in building scalable web applications. Experienced in frontend and backend development using modern technologies including React.js, Node.js, Java, and databases such as MongoDB and MariaDB. Seeking opportunities to grow as a professional developer and contribute to real-world software solutions.

Education

Arab Academy for Science, Technology, and Maritime Transport (AASTMT)

Faculty of Management and Technology

Major: Business Information Systems (BIS)

Graduation Year: 2026

GPA: 3.4

Technical Skills

Programming Languages

- JavaScript
- Java
- Python

Frameworks & Libraries

- React.js
- Node.js
- Spring Boot

Web Technologies

- HTML5
- CSS3
- Tailwind CSS

Databases

- MongoDB
- MySQL
- MariaDB

Design Tools

- Figma
- Adobe XD

Tools & Technologies

- Git & GitHub
- REST APIs
- JWT Authentication
- Socket.io
- Postman
- VS Code

Projects

LawLink – Legal Services Platform

- Developed the backend system for a legal platform that helps clients find lawyers easily and manage legal services efficiently.
- Built RESTful APIs using Node.js and Express.js.
- Designed and implemented database structure using MongoDB and MariaDB.
- Implemented authentication, authorization, and server-side business logic.
- Worked on building a scalable and efficient backend architecture for the platform.

Technologies Used: Node.js, Express.js, MongoDB, MariaDB, REST APIs

Accounting System

- Developed an accounting system using MySQL database management.
- Worked on database structure, queries, and data organization.

Technologies Used: MySQL

Data Analytics Project

- Worked on data cleaning and analysis using datasets from Kaggle.
- Visualized and analyzed data using Tableau.

Technologies Used: Python, Tableau

Design Projects

- Designed the LawLink website and mobile application using Figma.
- Designed a Booking Trip mobile application using Adobe XD.

Technologies Used: Figma, Adobe XD

Experience

Backend Development Intern — Orange Egypt

Duration: 1 Month

- Worked on backend development using Java and Spring Boot.
 - Assisted in developing and maintaining backend APIs and services.
 - Gained hands-on experience in enterprise-level backend systems and workflows.
-

Training — QNB Alahli

Duration: 1 Month

- Participated in professional training focused on banking systems and workplace operations.
 - Developed communication, teamwork, and problem-solving skills in a professional environment.
-

Courses & Certifications

- Route Academy — Backend Development Training (In Progress)
-

Languages

- Arabic: Native
- English: Good
